# Why Do 2% Of World Population Control 98% Of The Rest And All Wealth?

What are the **secrets** that have been quietly and privately passed down from father to son and from generation to another for thousands of years which have enabled **2% of the world population to control 98%** of all the wealth, assets and property in the world?

**Would you like to know?**

What are your **ambitions** in life and what is keeping you from achieving them?

Do you desire to succeed in your **career, job and business?**

Do you desire good health, **power and happiness?**

Are you lonely and searching for your **twin soul** but not succeeding?

Do you have any family **problems?**

Do you desire to be **famous and respected?**

Are you unhappy and frustrated by the present condition of your life?

Would you like to make some **changes** in your life?

Life can be **simple and fun.**

However, you must obtain certain **"SECRETS"** (that have until now **remained hidden from the general public**) and use them to make changes needed to be done **to make your life better.**

If you don't like the way your life is at present, you don't have to accept it, suffering and being miserable. **You can change it.**

What is ironic about life is **that we have destinies but at the same time have the POWER to change our destinies** to make them whatever we desire!

There are things in life that are beyond us to change and also things within our **POWER** to change in order to have the type of life we desire.

Every person creates a **destiny** based on **past deeds.**

We create our destinies every hour, day, week and year, as well as for each lifetime.

## **Life Is A CONTINUUM**

**Life is a CONTINUUM.**

It has no beginning or end.

**Each of our lifetime on earth is part of this continuum that is so big and beyond our imagination.**

We're all connected.

We move on this **CONTINUUM** and the way we respond to it is what our lives are made up of.

How do you respond to this **CONTINUUM OF LIFE?**

The way you understand and respond to it will determine what you get from this world and if you'll or will not belong to the **2% OF HUMAN BEINGS, WHO CONTROL 98% OF THE WEALTH AND THE WORLD.**

The **2%** have these jealously guarded **SECRETS** and use them to get rich, powerful and happy.

That is why **they keep getting richer and richer** while the **98%** of the rest of the people **gets poorer and poorer, drowning in oceans of debts, penury and misery!**

## **Life Is A MYSTERY**

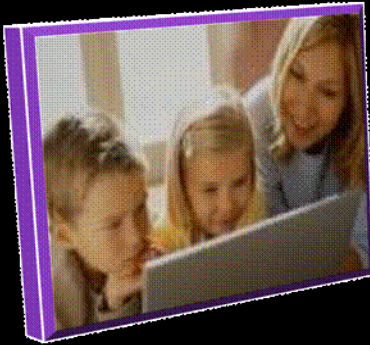

**We are born into this world like a WRAPPED PACKAGE!**

We don't know what is inside it.

It is a **MYSTERY!**

**Billions of human beings live their lives and die and SADLY NEVER venture to open the packages of their beings to know the contents.**

They are born as **MYSTERIES** and also **SADLY** die as **MYSTERIES.**

We are born like **COMPUTER HARDWARES** without any **software programs**.

That is what the body is: a **COMPUTER HARDWARE**.

The **Mind** with the brain and **Nervous System** are like the **OPERATING SYSTEM OF A COMPUTER**.

Our upbringing, educations, the knowledge and skills that we acquire as we grow up are like different APPLICATION SOFTWARES that we buy and use in the computer.

If the work we produce using the **computer**, its **operating system** and different **software programs** are wrong then we must find out who created them!

**Who created our personal Computers; our bodies?**

Who created **its operating system (our Mind)?**

Who wrote the **various application softwares** that run the computer?

Our **PARENTS** did.

Our **FAMILY MEMBERS** and relatives did.

Our **TEACHERS** at school did.

Our **FRIENDS** did.

Our **GOVERNMENTS.**

Our **EMPLOYERS.**

They have written the **SOFTWARES** (educational, social and religious conditionings) running inside our computers (bodies.)

The problem is that sometimes **the computer (your body) is defective** so that we can't use it to do a good job.

**Some human beings are born with different types of defections, diseases, deformations and are disabled or handicapped.**

Sometimes **the COMPUTER (the BODY) may be very good but the OPERATING SYSTEM, (the MIND) is not.**

Sometimes the **COMPUTER, (the BODY,) the OPERATING SYSTEM, (the MIND) may be good but the different APPLICATION SOFTWARES may not be good!**

The result of all this will be **problems in our lives.**

**Misery and depression.**

The different **APPLICATION SOFTWARES** are the **different conditionings, knowledge and teachings that our parents, family relatives, churches, schools, communities, friends, government, priests, mass media,** gave us.

We assume they are good for us and accept them and use them to work on our **computers**.

Some of us get good results because **the programs are good for their computers but many of us get bad output and results because THE PROGRAMS ARE NOT SUITABLE.**

The **SECRET** that determines if you will belong to **the 2% WHO CONTROL 98% OF THE WORLD OR 98% OF THE REST OF HUMAN BEINGS** is the realization that the ***ROOT CAUSES*** of your problems in life come from your **BODY**, (your computer,) **MIND**, (the operating system,) your **conditionings (application softwares)** which create your different **experiences** in life!.

The **2% CONTROLLERS AND RULERS OF THE WORLD REALIZE THIS AND ARE WISE TO CHANGE THE APPLICATION SOFTWARES OR CONDITIONINGS BUT THE 98% OF THE REST OF THE PEOPLE DON'T** and keep running application softwares that produce problems, misery and unhappiness in their lives.

Achieving success, true wealth and happiness in life is not accidental!

# There Are Principles And Laws That Govern Success In Life!

<http://www.supremeconfidenceforsuccess.com/maychicaffiliateorders.html>

There are **PRINCIPLES, LAWS, CONDITIONINGS** (or “software programs”) that govern success in this life and must be utilized to achieve true success, good health, prosperity, fame and happiness in life.

The **RICH AND POWERFUL** who belong to the **2%** of the world population use **different “operating system,” or (mind) and run different application softwares, (Mental conditioning and training.)**

They don’t think like the **98%** of the rest of the people do!.

They **adhere to DIFFERENT PRINCIPLES AND LAWS!**

They have **different perceptions** in life.

They have **SECRETS** that they use in achieving **true SUCCESS** and **HAPPINESS** in life.

What are these "**SECRETS**"?

How can they help you to achieve your dreams and ambitions in life?

**<http://www.supremeconfidenceforsuccess.com/maychicaffiliateorders.html>**

These **SECRETS** are what determine the difference between the **2% who succeed in life and who own 98% of all the wealth and the 98% of the rest of the human beings who labor working for the 2%.**

The **2%** labor like robots and **drones** to earn their livings.

They are never able to achieve their innermost desires, dreams and ambitions in life.

We are giving you this **one-in-life opportunity** to obtain and access **SCS EBOOK** and use the **awesome life changing POWERFUL SECRETS inside!**

*"Hello Mr. Lindo,*

*I really enjoyed your book Supreme Confidence For Success. I learned so much from it and now I can think and behave the way I want to. The affirmations were especially good, I practiced them out loud and it really made a difference in my attitude and motivation to succeed. And the section on fear: I never knew how many levels of fear existed and how they controlled your life. That helped me to understand why I may procrastinate doing certain tasks which must be done. And it also made me realize why I have avoid things that I want, things that would bring me pleasure and I know are possible, but why haven't I acted on them - different fears.*

*I recommend this book to anyone who wants to know where they are going and how they want to get there. This book is a compass to the destination of your choice. However, you want to be in life: financially, emotionally, physically, and how to actually do it and not dream or fear it."*

*"A powerful and inspiring book. It helped me with my anxiety problem and also helped to give me back my confidence back I once had."*

**J.Spicer**

*"This book is a life changer; before I read this book I was a shy and nervous person who had no confidence. Then I began reading the book and things started to change in my life, I felt good walking in to a place as if I own it. The book taught me how I should act and feel about myself. Supreme Confidence For Success has great examples; I would recommend it to everyone."*
